Chain of Custody FSC® of Forest Based Products
FSC®-STD-40-004 V2-1:2011

Management System Standard for goods from sustainably managed forests FSC®

The FSC® (**Forest Stewardship Council®**) is a nonprofit, independent organization promoting the responsible and viable management of forests, supportive of social, economic and eco-friendly principles, aiming at the preservation for future generations.

Paper carrying an FSC® certification comes from well and responsible managed forests, according to strict environmental, social and economic standards.

Medac has received an FSC® certification from SGS, an independent international organization according to the norm “FSC–STS–40–004 V2-1:2011”, chain of custody standard certification.

The system guarantees that all the FSC® certified paper comes from forests which are sustainably managed according to strict standards.

Medac's products carrying the FSC chain of custody logo, after the Certification Body authorization, are certified.
