Legality Rating

The DM (Ministerial Decree) n° 57 of Feb 20, 2014 promulgated by the Italian Ministry of Economic Finance and by the Ministry of Economic Development is a normative tool implementing the so called “Legality Rating” which sustains company ethic and conduct principles.

Medac adopts and encourages principles of transparency over ethic and social themes. For this commitment, the Italian Antitrust Authority approved a certification – expressed in 2 stars -, indicating full compliance.

This recognition confirms a respectful company code of conduct and ensures positive effects on the entire community within which Medac operates as a manufacturing company.

On April 3, 2017, Italian companies which have obtained such recognition were 3302.
