FSC® Certification
(FSC®-STD-40-004)

The FSC® (Forest Stewardship Council®) is a nonprofit, independent organization promoting the responsible and viable management of forests, supportive of social, economic and eco-friendly principles, aiming at the preservation for future generations.

Paper carrying FSC® certification comes from well and responsible managed forests, according to strict environmental, social and economic standards.

Medac has received FSC® certification (license code FSC-C016153) from SGS certification body, an independent international organization according to the standard “FSC–STS–40–004”, Standard for Chain of Custody Certification.

The system guarantees that all the FSC® certified paper comes from forests, which are sustainably managed according to strict standards.

All Medac's products carrying the FSC® logo, after the Certification Body authorization, are certified.
