

Medac

**Chain of Custody PEFC™ of Forest Based Products
(PEFC™ ST 2002: 2013)**

Management System Standard for goods from sustainably managed forests PEFC.

PEFC™ (Program for Endorsement of Forest Certification) is an international organization created by the owners of forestall areas meant to promote a sustainable management of woodlands and forestall patrimony.

Medac has obtained a PEFC certification from the certification body SGS according to the norm PEFC ST 2002: 2013, a standard chain of custody certification. - Requirements
The system is designed to guarantee that all the certified paper used for marking cups for hot and cold drinks comes from sustainably managed forestal areas.
All Medac's products carrying the PEFC logo, after the Certification Body authorization are certified.
