

**MID Policy
(EU Directive 2014/32)**

The commitment of Medac is addressed to:

- maintain compliance with Directive 2014/32/EU in all phases from design to production of cups with line measure marking;
- stop selling CE marked products if the product does not comply with the requirements provided for by the relevant regulations;
- train all staff directly involved in the application of the relevant legislation;
- provide authority and resources, within the limits of availability of Medac and in any case such as to meet the requirements of the law in performing the tasks, including the implementation, maintenance and improvement of the quality management system.

Medac General Manager
