

**Ok compost Policy
(EN 13432:2002 / ASTM D 6868)**

The commitment of Medac is addressed to:

- use the logo "OK compost" only in combination with products that have the minimum specifications required by the certification and the reference european standard EN 13432:2000 and american standard ASTM D 6868,
- suspend the application of the sale as "OK compost certified products" if the product does not comply with the requirements provided by the certifying body and the reference standard.
